

**Sports Premium Funding 2016/2017**

**Withington Primary School**

Funding Available Annually: £8,230.

The Department for Education tells us that:

“The government is providing additional funding of £150million per annum for academic year 2013 to 2014 and 2014 to 2015 to improve provision of physical education (PE) and sport in primary schools”.

This funding is ring-fenced and therefore can only be spent on provision of PE and sport in schools. Withington Primary School has committed to improving the provision of PE and sport, working towards achieving four key priorities.

1. To improve the quality of teaching and diversity of the curriculum in order for all pupils to make regular and sustained progress.
2. To increase opportunities for all pupils to participate in a range of extra-curricular and competitive sporting opportunities.
3. To use physical activity to improve pupil’s health, wellbeing and educational outcomes.
4. To use PE, school sport and physical activity to impact on whole school priorities.

The breakdown of spending was as follows:

59%	Using specialist PE teachers or qualified sports coaches.
5.9%	CPD for staff to improve quality of teaching.
11.8%	New PE equipment.
8.3%	Outside agencies delivering high quality after school opportunities for children to take part in that staff cannot deliver.
15%	Not spent.

**Impact**

As a result of the above

- 100% of pupils in KS1 and 2 accessed 2 hours of quality PE per week from specialist teachers or PE co-ordinator.
- 100% of pupils received specialist PE delivery as part of the curriculum.

- KS1 and KS2 had the opportunity to attend after school sporting clubs free or of little charge. Over 60% of our pupils within school chose to regularly attend an after-school sports club this year; a big rise from the year before.
- Range of competitive activities within school has increased; a higher range of inter house competitions, school competitions and one of our first county gymnastics tournaments were entered last year.
- The range of sporting activities has increased due to the wider range of P.E equipment we have to offer the children.
- The school achieved a silver sports mark. This shows targeted areas of development have seen an improvement in P.E over the last few years to progress from bronze to silver.

### **Next steps**

Our experience this year informs us that the focus for PE and school sport will include:

- Continue to invest in more CPD for staff to maintain and improve the quality of teaching and learning in PE, encouraging staff to identify their own needs and areas for development.
- Continue in a wider range of outside agencies to host different sporting after school clubs for minimal fee, targeting pupils that are not active or usually have no interest in sporting clubs or events.
- Ensure sports leaders continue to lead within lessons of their own key stage, but to continue to help children all over the school become stronger, more competent sportsmen/women.
- Continue to give opportunities for children to compete in inter school competitions and festivals, developing sportsmanship and competitiveness.
- Secure Ride2achieve places for children identified for development for either personal, social, SEN or EAL reasons.
- Re-organise leadership of the Change 4 Life club and get children active at breaktimes/lunchtimes, targeting children who are not usually active and who need positive sporting role models within school.
